Custodial Inventory Application Form and Agreement

Section 1: Service Description and Form Instructions

Completion of this form, and receipt of written notice of approval from the Federal Reserve Bank, is required before an Institution may participate in the custodial inventory (CI) program described in Appendix 1 of Federal Reserve Bank Operating Circular 2, Cash Services. The Federal Reserve Bank uses the information provided on this form, and the results of its subsequent review of the institution, to determine the Institution's eligibility for the CI program.

By signing this form, the Institution named below (i) requests to participate in the CI program and (ii) agrees to the terms and conditions of Operating Circular 2, Cash Services and the appendices thereto (including but not limited to Appendix 1 and the Custodial Inventory Manual of Procedures referenced therein), as the same may be amended from time to time. Subject to the Reserve Bank's approval, the Institution may commence participation in the CI program when: (i) the Reserve Bank notifies the Institution of successful completion of the evaluation process and the effective date of service; and (ii) the Institution completes the set-up process, including obtaining authorized user credentials for the Federal Reserve's FedCash[®] inventory tracking system.

In accordance with Appendix 1 of Federal Reserve Bank Operating Circular 2, Cash Services, an Institution may subcontract a CI to a Subcontractor. Such Subcontractor must use the FedCash internet-based accounting and inventory tracking system, via the FedLine Web[®] access solution, to manage the CI. To access FedLine Web, the Subcontractor must have an up to date non - depository institution Official Authorization List (OAL) on file with the Customer Contact Center (CCC) and a Customer Identification Number (CIN).

By signing this form, the Institution named below further agrees that, in circumstances where the Institution subcontracts a CI to a Subcontractor, such Subcontractor is authorized on behalf of the Institution to transact business with the Federal Reserve Banks using FedLine Web-based services and business applications, including but not limited to designating End User Authorization Contacts and Subscribers. The Institution represents and warrants that it has entered into an agreement with such Subcontractor requiring it to comply with all applicable provisions specified in Operating Circular No. 5 and the Password Practice Statement; and to comply with all applicable Federal Reserve Bank security procedures, as each of the above is amended from time to time.

Business Practice/CI Usage

5) Provide a description of how you intend to use the CI to support your recirculation efforts, including providing fit currency to ATM, Branch, and Merchant network and detecting counterfeits:

¹ Please note that the subcontractor may use FedLine Web-based services and business applications to act on behalf of other institutions that use the same subcontractor to access these services and applications.

Volume Verification

6) As part of the eligibility requirements to participate in the Custodial Inventory program, your institution must demonstrate that each vault in which it seeks to operate a CI has the ability to recirculate a minimum of 200 bundles of \$10 and \$20 notes on a regular basis per week in a Federal Reserve Bank zone or sub-zone. This minimum requirement can be met in one of the following three ways:

<input type="checkbox"/>	By cross-shipping with the Federal Reserve Bank at least 200 bundles of \$10 and \$20 notes per week at the prospective CI Vault in the zone or sub-zone at the time of application.
<input type="checkbox"/>	By providing payment records for the prospective CI Vault demonstrating that it recirculates among its customers at least 200 bundles of \$10 and \$20 notes weekly in the zone or sub-zone.
<input type="checkbox"/>	By demonstrating a combination of cross-shipping activity and recirculation among its customers at the prospective CI Vault totaling at least 200 bundles of \$10 and \$20 notes in the zone or sub-zone.

Check on of the three boxes above to indicate that your Institution’s vault meets one of the three criteria and that you agree to provide corroborating data on aggregate daily payments to customers of \$10s and \$20s for that vault. The payment data must be comprised of four consecutive weeks of activity, be provided in the prescribed format and be made available at the time of the CI Site Inspection.² Daily payments are defined as all payments made by the site, excluding deposits to the Federal Reserve; daily payments include: payments to commercial customers and correspondent banks, as well as your institution’s branches and ATM network.

Litigation History

7) Describe any regulatory or enforcement action against your institution, that is pending or of which you are aware. If none, state “none.” The information you provide should be verified with your Audit, Compliance or other responsible department. (Please attach additional documentation if needed.)

² The prescribed format will be provided by the Federal Reserve Bank at the time the Site Inspection is scheduled.
